To Whom It May Concern

Prix Galien EcoHealth Award for Solar Sister

I am writing to enthusiastically endorse Solar Sister's application for the 2025 Prix Galien EcoHealth Award. As the founder of Social Initiative, a non-profit organization that supports social entrepreneurs in solving societal challenges in Sweden, India, and East Africa; I have had the privilege of partnering with Solar Sister since 2015. And I can confidently attest to their tireless efforts in empowering women entrepreneurs to drive clean energy access and economic empowerment in off-grid communities, having now supported more than 12,000 entrepreneurs to grow clean energy businesses

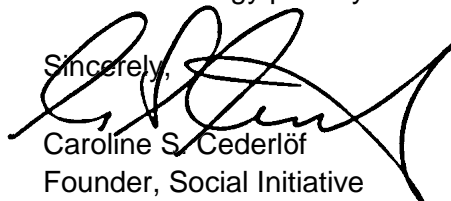

Solar Sister's innovative market-based approach, combined with their commitment to women's empowerment and sustainable development, aligns with the Prix Galien EcoHealth Award's values. Their work has not only improved the lives of countless individuals but also contributed significantly to reducing carbon emissions and promoting sustainable development.

Through our partnership, we have witnessed firsthand the impact of Solar Sister's programs across various operations, and we are impressed by their dedication to creating lasting change. Their ability to leverage women's social networks and entrepreneurial spirit to increase clean energy access is truly remarkable.

I strongly believe that Solar Sister's innovative approach and commitment to sustainable development make them an exemplary candidate for the Prix Galien EcoHealth Award. I urge you to consider their application, and I am confident that they will continue to make a significant impact in the lives of those they serve.

I look forward to continuing to work with Solar Sister to reduce the global environmental crises, eradicate energy poverty and improve health outcomes

Sincerely,
