Subject: 2025 Practice Greenhealth Circle of Excellence

[EXT]

Practice Greenhealth is pleased to extend its warmest congratulations to **Stanford Health Care** as a **Circles of Excellence Awards** winner.

The Circles of Excellence Awards honor the 10 highest-performing hospitals in each area of sustainability expertise. To be recognized in the Circles of Excellence, winners must achieve Greenhealth Partner for Change Award status, and demonstrate outstanding performance and leadership through advanced actions in that sustainability impact area.

Your facility has been awarded the following Circle(s) of Excellence:

Circle of Excellence - Chemicals
Circle of Excellence - Food
Circle of Excellence - Climate
Circle of Excellence - Green Building

We kindly ask that you honor Practice Greenhealth's **embargo by not sharing this good news prior to May 27** while we ensure that those in our community who need to be a little quieter about their climate change work are protected. To support you in sharing this success, we have a set of [Environmental Excellence Awards promotional materials](#) that includes award logos, sample language, and more. **After May 27**, we encourage you to share information about your achievement with patients, staff, media, policymakers, and your community. Practice Greenhealth will be sharing the list of winners who would like to be publicly celebrated on our website at that time.

Your award plaque(s) will arrive in the next few weeks. If you have any questions, please email awards@practicegreenhealth.org.

Congratulations again, and thank you for demonstrating leadership, driving innovation, and modeling best practices in these areas of impact.

Sincerely,

Practice Greenhealth Awards team
