

It is a pleasure to congratulate all those who promote the Prix Galien and pharmaceutical research: they play a vital role in the fight against disease throughout the world.

- John Major - 1996

The Prix Galien is a welcome initiative to stimulate creative research and promote excellence.

- Barack Obama, 2008

The Prix Galien is the right event, on the right issue at the right time. I thank the Galien Foundation for bringing us together and for recognizing that a healthier world is a safer world and a more just world.

- BAN Ki-moon, 2010

The Prix Galien honors outstanding achievement in two areas that are critical to human health: science and innovation

- Tedros Adhanom Chebreyesus - 2018

The Prix Galien Awards are a true celebration of the years of hard work that are required to produce life-changing interventions.

- Bill & Melinda Gates, 2018

PREVIOUS PRIX GALIEN AWARD WINNERS

"What an amazing recognition for our global team, who have spent decades developing and distributing this vaccine. Congratulations."

Albert Bourla
 Chairman and CEO, Pfizer

"Merck's mission is to translate science into medically important products that positively impact humanity, so it is natural for us to support the Prix Galien, since it supports exactly that."

Kenneth C. Frazier
 Chairman, Former CEO and President, Merck

"The Galien Foundation brings together the top scientists in the world. You have Nobel Laureates across the spectrum of scientific disciplines meeting and talking with members of the pharmaceutical industry to see what's going on at the cutting edge, because ultimately that's going to benefit patients."

William Hait, MD, PhD
 EVP, Chief External Innovation and Medical Officer, and member of the Johnson & Johnson Executive Committee

"Our Prix Galien USA awards [for Cosentyx and Gleevec]... represent years of hard work by our scientists. These wins underscore our commitment to addressing the unmet medical needs of patients through science-based innovation."

Joseph Jimenez
 Former CEO, Novartis

AND THE 2026 WINNERS ARE?

The Prix Galien Award recognises outstanding achievements in improving the global human condition through the development of innovative drugs and other treatments.

The Prix Galien was created in 1970 in honor of Galen, the father of medical science and modern pharmacology.

Worldwide, the Prix Galien is regarded as the equivalent of the Nobel Prize in biopharmaceutical research.
