The Prix Galien recognizes outstanding achievements in improving the global human condition through the development of innovative drugs, vaccines, devices, and other medical technologies.

**The Prix Galien was created in 1970** in honor of Galen, the father of medical science and modern pharmacology.

Worldwide, the Prix Galien is regarded as the equivalent of the Nobel Prize in biopharmaceutical research.
On December 10-11, 2020, the Galien Foundation and the Government of Senegal will convene the Prix Galien International, the Prix Galien Jubilee, and the Prix Galien Africa.

These events will each include ceremonies recognizing the outstanding innovation to improve the human condition, building on a set of distinctive Prix Galien processes across the globe.

This booklet contains background on the Prix Galien Jubilee specifically, showcasing Committee members, our initial program, an overview of participants, and partnership opportunities.

WE DELIBERATELY AVOID RHETORIC AND MAINTAIN A UNIQUE FOCUS ON ENGAGING THE LIFE SCIENCES INDUSTRY ALONGSIDE SCIENCE, POLICY AND CIVIL SOCIETY

- But one reason participants leave feeling "invigorated and inspired" is that we do not duplicate ongoing discussions and debates; rather, we insist on tangible, actionable conversation.
- We don’t say yes to everyone and everything – and participants thank us for that in the end.

IT’S PERSONAL

- We work closely with participants to provide customized support so they can reap maximum benefits from the personal connections that distinguish the meeting. We understand that success is different for each participant and organization.
- In the lead-up to the event, we hold intimate brainstorming roundtables around the world with key leaders and experts from all sectors to inform our agenda and identify interesting "unlike minds”.
- While we proactively aim for broad geographical, racial, gender, and sectoral representation, our primary focus is on identifying individuals who will make the Galien Forum Africa useful and special.
SOME NOTABLE MEMBERS OF THE PRIX GALIEN COMMITTEES WORLDWIDE

Richard Axel  
Nobel Laureate  
Co-Director, The Kavli Institute for Brain Science, Columbia University Medical Center

Gunther Böbel  
Nobel Laureate  
Honorary Professor, University of Frankfurt  
Lasker Award

Linda B. Buck  
Nobel Laureate  
Member, Fred Hutchinson Cancer Research Center; Affiliate Professor of Physiology and Biophysics, University of Washington

Michael S. Brown  
Nobel Laureate  
Professor of Molecular Genetics and Internal Medicine, University of Texas, Southwestern Medical Center at Dallas

Susan Desmond-Hellmann  
Former Chief Executive Officer  
Bill & Melinda Gates Foundation

Pr Manuel Diaz-Rubio Garcia  
President, Spanish Royal Academy of Medicine

Walter Gilbert  
Nobel Laureate  
Carl M. Loeb University Professor Emeritus, Harvard University

Joseph Goldstein  
Nobel Laureate  
Professor of Molecular Genetics and Internal Medicine, University of Texas, Southwestern

Paul Greengard  
Nobel Laureate  
Vincent Astor Professor of Molecular and Cellular Neuroscience, Rockefeller University

François Jacob *  
Nobel Laureate  
Member, Académie Française, Academy of Sciences; Honorary Professeur, Collège de France and Institut Pasteur

Eric R. Kandel  
Nobel Laureate  
Professor of Physiology and Cellular Biophysics, Columbia University; Director, Biotechnology Study Center, New York University School of Medicine

Cato T. Laurencin  
University Professor  
University of Connecticut

Joshua Lederberg *  
Nobel Laureate  
Professor Emeritus, Laboratory of Molecular Genetics and Informatics, Rockefeller University

Susan Desmond-Hellmann  
Former Chief Executive Officer  
Bill & Melinda Gates Foundation

Michael Rawlins  
Founder, National Institute of Health and Clinical Excellence (NICE), UK

Bengt Samuelsson  
Nobel Laureate  
Professor, Karolinska Institute; Former President, Nobel Foundation

P. Roy Vagelos  
Retired Chairman and CEO, Merck & Co. Inc.; Chairman of the Board, Regeneron Pharmaceuticals Inc.

* In Memoriam
A record of leadership in bringing global attention to the best of biomedical discovery

“The Prix Galien is a welcome initiative to stimulate creative research and promote excellence.”
Barack Obama, 2008

“The Prix Galien since 1970 is dedicated to promoting the research and development of the medicine and medicine industries.”
Macky Sall, 2018

“I am particularly grateful to receive this award.”
Bill Clinton, 2010

“I know the importance of the Prix Galien which rewards every year therapeutic innovations and research works among the most creative.”
Emmanuel Macron, 2018

“The Prix Galien Awards are a true celebration of the years of hard work that are required to produce life-changing interventions.”
Bill & Melinda Gates, 2018

“The Prix Galien is the right event, on the right issue at the right time. I thank the Galien Foundation for bringing us together and for recognizing that a healthier world is a safer world and a more just world.”
BAN Ki-moon, 2010

“I look forward to the day when we will celebrate an African winner of the Prix Galien”
Tedros Adhanom Ghebreyesus, 2018

---

**The Medal by Albert de Jaeger**

The Prix Galien medal was designed by Albert de Jaeger (1908 – 1992), laureate of the Premier Grand Prix de Rome architectural prize. De Jaeger designed medals for prominent figures such as Pope Pius XII (at the Villa Medicis, 1937) and Pope Jean-Paul I, Presidents Dwight D. Eisenhower and John F. Kennedy, distinguished military leaders including Marshals Leclerc, Koenig, Montgomery, Marshall and Joukov; the Weizmann Institute, as well as numerous artists, literary figures and prominent personalities such as Sacha Guitry, Marcel Proust, Henri de Montherlant, Paul Harris, a number of Nobel Prize laureates, the Empress of Iran SA Farah Diba, Princess Grace of Monaco, and others...

De Jaeger is also the architect of numerous outstanding monuments in France and throughout the world.
1. CLIMATE CHANGE AND HEALTH

2. BIOTECHNOLOGICAL INNOVATIONS AND HEALTH
   - Telemedicine
   - E-learning
   - Drones and health
   - Robotics and practice of medicine
   - Organ transplant
   - Medical Imaging and ICT
   - Infrastructures of the future

3. POWERING THE AFRICAN LIFE SCIENCE INDUSTRY?

4. COUNTERFEIT DRUGS AND TRAFFIC

5. SOCIO-HEALTH DETERMINANTS IN ACHIEVING THE SDGS
   - Nutrition
   - Agriculture
   - Obesity
   - Education
   - Sedentary lifestyle

6. DELIVERING ON UNIVERSAL HEALTH COVERAGE COMMITMENTS
   - Offer
   - Request

7. TRADITIONAL MEDICINE: ISSUES AND PERSPECTIVES

8. GLOBAL HEALTH SECURITY / ONE HEALTH

AGENDA

PRE-FORUM:
Galien Young African Scientists Initiative*:
Youth Leadership Training

DAY 1:
• **Morning** (African Women Leaders Initiative)
  - Panel 1: Young women entrepreneurs
  - Panel 2: Senior women Leaders
• **Afternoon** (youth forum with their mentors on the 3 first themes)

DAY 2:
• **Morning** (youth forum with their mentors on the last 4 themes)
• **Afternoon** (presentation of the Prix Galien Africa presided over by His Excellency. Mr. Macky SALL. President of the Senegalese Republic.

Participants: 1500 experts, health policy makers, political eminences, students

NB: We will welcome students nominated by their universities from the ECOWAS region, DRC, Morocco, Rwanda, and South Africa.

* In partnership with YALI
PARTICIPANTS:
1500 experts, health policy makers, political eminences, students

• **VIPs Invited**

- Xi Jinping, President of the People’s Republic of China,
- Paul Kagame, President of the Republic of Rwanda
- H.A. Mohamed VI, King of Morocco
- Cyril Ramaphosa, President of South Africa
- Félix Tshisekedi, President of Democratic Republic of the Congo
- Adama Barrow, President of the Gambia
- Shinzō Abe, Prime Minister of Japan
- Abiy Ahmed, prime minister of the Federal Democratic Republic of Ethiopia
- Emmanuel Macron, President of the French Republic
- Moon Jae-in, President of South Korea
- Ministers of Health of ECOWAS as well as those of France, China, India, USA and Switzerland.

Many of the world’s leading organizations and companies support the Galien Forum Africa.

**WHY?**

Because the Galien Forum Africa provides a unique venue for leaders to meet their peers in an intimate setting, connect with unlike minds across sectors, have a lively, participatory discussion about cutting-edge innovation, and leave with game-changing collaborations.

- António Manuel de Oliveira Guterres, Secretary-General of the United Nations
- Ursula von der Leyen, President of the European Commission
- Melinda Gates, co-chair of the Bill & Melinda Gates Foundation
- Warren Buffett, President of the Buffett Foundation
- Tedros Adhanom Ghebreyesus World Health Organization
- Carl-Henrik Heldin The Nobel Foundation
- Audrey Azoulay Director-General of UNESCO

NB: We will welcome students nominated by their universities from the ECOWAS region, DRC, Morocco, Rwanda, and South Africa.

**THE “FEELING” OF THE GALIEN FORUM AFRICA: A POWERFUL OPPORTUNITY TO NETWORK AROUND A TANGIBLE PURPOSE**

- Key leaders and sponsors liken the Galien Forum Africa to a “retreat”. They can speak frankly to high-level peers they would otherwise not meet in a relaxed setting, without media scrutiny of every word.

- Although the Galien Forum Africa features an annual thematic lens to focus discussion, we are proud of the strong continuity of partnerships and relationships that transcends each year’s topic.

- Everyone is important – the distinction between “speaker” and “attendee” is minimal.

- The Galien Forum Africa anchors an entire week of high-level, invitation-only events.
The mission of the Galien Foundation is to serve as a vehicle for the open exchange of ideas that drive science and new innovations. Our second major forum will be held during 2 days at the CICAD, and will feature round table debates focusing on critical, global healthcare issues and challenges.

As a sponsor of the Galien Jubilee, your company will have an array of opportunities to network with global healthcare decision makers, policy makers, academicians, and the Galien Jubilee committee. Collaboration with the Galien Jubilee allows you to participate in and impact the discussions as a thought leader around the most critical global healthcare issues.

The Jubilee gala awards dinner is a creative recognition of the productive and positive power of partnerships that drive progress in medical science. It is peer exchange with a public purpose - with a diverse range of opportunities for contact with a range of interests, from professional and scientific groups, academia and governments to patient associations, other non-profit organizations and the media.
Nous serions ravis de collaborer avec vous en vous proposant un package adapté à vos besoins.
